

Trained OZO Techs

AbelCine requires trained OZO Techs to accompany every OZO camera rental. To support this, AbelCine Training conducts training classes.

The **Nokia OZO Intensive** course is a one-day intensive, designed to teach attendees the basics of the Nokia OZO, including media, workflows and best practices.

Techs are listed by the city and state where they work as a “local.” Keep in mind, many techs are willing to work outside their local or hold multiple passports in order to work internationally. Please be sure to contact them individually for more information. AbelCine does not certify OZO Techs.

For information and recommendations, please contact **Gabriel Mays** in LA or **Mike Nichols** in NY.

The latest version of this directory can be downloaded from abelcine.com, or contact training@abelcine.com.
