

## Trained Phantom Techs

AbelCine requires trained Phantom Techs to accompany every Phantom camera rental. To support this, AbelCine Training conducts a **Phantom Intensive Workshop**. This two-day intensive, hands-on class is designed to train a technically-oriented filmmaker to the level of operating a Phantom Flex in the field as a Phantom Tech.

Techs are listed by the city and state where they work as a “local.” Keep in mind, many techs are willing to work outside their local or hold multiple passports in order to work internationally. Please be sure to contact them individually for more information. AbelCine does not certify Phantom Techs.

For information and recommendations, please contact **Gabriel Mays** in LA or **Alex Kurze** in NY.

The latest version of this directory can be downloaded from [abelcine.com](http://abelcine.com), or contact [training@abelcine.com](mailto:training@abelcine.com).

United States		Canada	International
Alabama	Montana	Alberta	Australia
